

Pre-assignment Pilot week Bachelor module

In order to enable a good preparation for the pilot week for the bachelor module in Finland, we ask you to elaborate on the questions below:

1. What is your educational background and/ or what experience do you have? Are you familiar with the subject of Healthcare logistics before? If so, in what way?
2. Find a figure or article, which describes the healthcare system in your country and be ready to explain it to your group members – during the first day
3. Make your own choice from 2 or 3 articles published on e-learning platform
Study these articles and then answer the following questions:
 - a) What does healthcare logistics mean according to the selected articles and what objectives are described for Healthcare logistics?
 - b) What is the importance of effective healthcare logistics according to the selected articles and why is healthcare logistics important?
 - c) What can you find about patient safety in relation to Healthcare logistics?

Below are the criteria and dates related to this pre-assignment:

Dates:

- The Pre-assignment will be published on e-learning platform xx.xx.xxxx
- Upload your pre-assignment to e-learning platform xx.xx.xxxx

Criteria:

- We expect you to be able to write the above assignment in 2 to 3 pages maximum.
- During the first day of the Pilot week in Finland, this assignment will serve as a basis for a short introduction of yourself and what you have learned about healthcare logistics, so make sure you prepare in such a way.
